

Alva Independent School District #001 School Activity Fund

The Board of Education is responsible for the School Activity Fund, setting rules and regulations for fund raising and expenditures. Each month at the regular board meeting, the board will review the activity report as prepared by the Activity Fund Custodian.

Annually, the Board will approve a list of expenditures, prepared by the sub-account sponsor, which lists all purposes for which monies collected in each sub-account will be expended. Any expenditure not listed for the current fiscal year will be disallowed unless approved by the Board of Education during the fiscal year of request.
